Tuesday, 16 August 2005

To businesses, individuals and organisations  
interested in having a display at the  
12<sup>th</sup> Annual Milton Charity Bike Show.

Thank you for your enquiry about the Milton Charity Bike Show.

The committee will be considering proposals for trade stands, exhibits and stalls this year.

Due the fact that space is limited at the venue, any business interested in an area for a stand is asked to provide details of what would be displayed, area required and their sponsorship offer.

The committee will then be able to discuss each of the proposals and then notify interested businesses if they can have the stand. We are trying to ensure that we have only one stand for each type of supplier. (i.e. we don't want to have a multitude of parts and accessories suppliers and no apparel suppliers).

As the venue is owned by the local council, interested parties should also check if they will require any permits or licences to operate a display from the Shoalhaven City Council and organise a copy of any required documents to be forwarded to the committee.

We hope this information assists you and look forward to hearing from you. Further information on the Bike Show and our fundraising efforts over the years can be found on our newly redesigned website <http://www.miltoncharitybikeshow.info>.
